Career Objectives

Frontend Developer with experience in building responsive web applications using **React.js**, **JavaScript (ES6+)**, **HTML5**, **CSS3**, **Bootstrap**, and **Tailwind CSS**. Skilled in creating user-friendly interfaces, optimizing application performance, and delivering engaging user experiences. Familiar with backend technologies (**Node.js**, **Express.js**, **MongoDB**) to support full-stack workflows. Dedicated to writing clean, maintainable code, leveraging modern frontend tools, and continuously enhancing expertise in emerging technologies.

Experience

Frontend Developer, Adventure Technology Solutions Pvt Ltd – Coimbatore Jun 2025 - Present

- Develop and maintain **admin dashboards**, **billing software**, **static websites**, and **CRUD** applications using React.js, JavaScript, HTML5, CSS3, Tailwind CSS.
- Integrate frontend with Node.js, Express.js, and MongoDB for dynamic, full-stack functionality.
- Collaborated using GitHub, followed Agile methodologies, and deployed websites on AWS Cloud, Render, Vercel, and MongoDB Atlas for production use.
- Optimize performance, responsive design, and user experience.

Frontend Developer Intern, Adventure Technology Solutions Pvt Ltd – Coimbatore Mar – Jun 2025

- Built static websites and CRUD functionalities using React.js, JavaScript, HTML5, CSS3, and Tailwind CSS.
- Assisted in frontend-backend integration with Node.js, Express.js, and MongoDB.
- Deployed simple applications on Vercel and Render.

Frontend Development Training, Glacier Technologies – Coimbatore Jun – Nov 2024

- Trained in React.js, JavaScript (ES6+), HTML5, CSS3.
- Developed projects including a personal portfolio and fuel delivery app with responsive UI and CRUD operations.
- Applied best practices in version control (Git/GitHub), and collaborative development workflows.
